CITY AND COUNTY OF SAN FRANCISCO TELEPHONE DIRECTORY

Reproduction and Mail Services is pleased to provide City employees this telephone directory. The directory data is maintained by each department's telephone coordinator and communicated to the Department of Telecommunications and Information Services (DTIS). This information is maintained by DTIS in a database that also supports the City's online Telephone Directory. Therefore, the information contained in this Directory is only as accurate as reported by each department's telephone coordinator.

The telephone directory has several useful sections that provide telephone and fax numbers of City Departments and City and County of San Francisco's (CCSF) employees.

The telephone directory contains the following sections:

- **Department Listing:** List of all CCSF Departments, Boards, Commissions, Agencies, and Authorities.
- **Employee Listings with Telephone/Fax Numbers:** List of CCSF employees with telephone/fax numbers provided by Departments.
- **Cross Reference:** Links bureaus, divisions, sections, programs and alternative department names to their respective CCSF Departments.
- **TDD Listing**

Internet and Intranet Directory

The directory information is available on the CCSF Internet Web site — City Center at www.sfgov.org

Because telephone numbers and personnel change over time, the Web site is periodically updated. Revisions will also be made periodically to this printed telephone directory. The directory can be accessed from the City's web page from the Quick Links section, City Phone Book.

City Staff should always work with their Phone Coordinators to make changes to the web listing. Departmental Telephone Coordinators are able to update their departmental listings at the City's Intranet site: <http://sunset/dtisbook.nsf>

Department Telephone Coordinators who do not have Intranet access can contact Yvonne Garcia, Manager of Administrative Services by e-mail, Yvonne.Garcia@sfgov.org or by telephone at 554-4181.

IT IS THE DEPARTMENT'S RESPONSIBILITY TO UPDATE DTIS ON CHANGES TO THE DIRECTORY.

Please note: The information on the website and printed directory is dependent upon the accuracy of the information provided by the departments.

Printed Directory

The printed directory is available from Reproduction and Mail Services. The Directory will be continually updated as departments inform DTIS of telephone changes. **Please, do not send revisions to Reproduction and Mail Services.** For more information about the printed directory, contact Reproduction and Mail Services Customer Service at: 554-6433 or e-mail: Reproduction Services.

Reproduction and Mail Services thanks the Department of Telecommunications and Information Services for their help in producing this directory
